

REMARKS

Claims 23 through 45 are now pending in the application. Claims 1 through 22 have been allowed. Minor amendments have been made to the specification to more accurately describe the invention. The Examiner is respectfully requested to review the new claims and the amendments to the specification in view of the remarks contained herein.

SPECIFICATION

Applicant has amended the specification to more accurately describe the invention. The amendments to the specification do not contain new matter. Thus, the Examiner is respectfully requested to enter the amendments to the specification.

NEW CLAIMS

Applicant has added Claims 23 through 45. These claims do not present new matter but simply better define Applicant's invention. Applicant respectfully requests that the Examiner allow these claims.

CONCLUSION

The amendments to the specification and the new claims do not present new matter. Thus, Applicant requests prompt and favorable consideration of the specification amendments and the new claims. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
